**The last day letters of financial guarantee will be accepted without additional charges** to students will be the payment due date of the semester indicated. Letters will not be accepted after the 21st day of classes for that semester. The student will have to pay his/her own fees for the semester if the letter of financial guarantee is received after the deadline. The Sponsoring Agency will then need to reimburse the student.

**To cancel your letter of financial guarantee** prior to the stated end date, you must notify us in writing before the first day of classes for that semester. No cancellations will be accepted for a semester once classes have begun, unless full payment is received from the student. This is to certify that the above Sponsoring Agency will be responsible for the above-named student for his/her financial obligations pertaining to Registration and Tuition Fees at the University of Arizona.
